Professional Summary

Computer Science undergraduate with strong foundations in **Data Structures, DBMS, and Full-stack Development**. Experienced in building **AI-powered and scalable applications** using Node.js, PostgreSQL, AWS, and modern JavaScript frameworks. Skilled in designing secure, **ACID-compliant** systems with concurrency control.

Education

Vellore Institute of Technology (Bhopal)

Aug 2023 – May 2027

B.Tech in Computer Science and Engineering | CGPA: 8.38/10

Relevant Coursework: OOP, DBMS, Data Structures and Algorithms

Technical Skills

Languages: C++, JavaScript, SQL

Frameworks/Tools: React.js, Node.js, Express.js, MongoDB, PostgreSQL, Firebase, AWS (S3, EC2, VPC), Git

Projects

Swappr | React, Vite, Tailwind CSS, Framer Motion, Cloudflare Workers, Hono, Cloudflare D1 [Live Demo](#) [GitHub](#)

- Built a **full-stack marketplace platform** enabling users to buy, sell, and manage product listings through a responsive and intuitive interface.
- Developed a **serverless backend** using Cloudflare Workers and Hono, exposing RESTful APIs with low-latency edge deployment.
- Integrated **Cloudflare D1 (SQLite)** for efficient data persistence, implementing secure CRUD operations and optimized database queries.
- Designed a modern, responsive UI using React, Tailwind CSS, and Framer Motion, improving user experience with reusable components and smooth animations.

Re-Vastra | React, Node.js, Express.js, PostgreSQL, Tailwind CSS

[GitHub](#)

- Developed a **full-stack clothing rental marketplace** allowing users to browse, rent, and manage fashion products through a secure web platform.
- Implemented authentication, product management, rental booking workflows, and order tracking using RESTful APIs and relational database design.
- Built scalable backend services with Node.js, Express.js, and PostgreSQL while ensuring efficient data management and secure user authorization.
- Created a responsive React-based frontend with reusable UI components, optimized routing, and seamless user interactions across devices.

Achievements

- Solved numerous DSA problems on LeetCode.
- Completed NPTEL Deep Learning certification.
- **Open Source Contributions:** Contributed to multiple GitHub repositories through college technical clubs.

Certifications

- Google IT Support Professional Certificate – Google Career Certificates
- Industrial IoT Markets and Security – University of Colorado Boulder
- NPTEL Deep Learning

Hobbies & Languages

Fluent in English and Hindi | Cricket and team sports
